Meeting in Abidjan, 10 February

The “World Cocoa” – the setting

1. Cocoa tables
 - French and English tables
 - One moderator per table
 - 5-10 guests per table
2. Table moderator
 - Welcomes « guests »
 - Introduces question
 - Leads discussions
 - Visualizes results from discussion
3. « World Cocoa » guests
 - Introduce themselves and make brief statement
 - Contribute their knowledge, thinking and ideas
 - Help to visualize results
4. Poster gallery
 - Posting of the results in the facilities
 - Some moderators present results in Session 9

The “World Cocoa” – how it works

1. All tables discuss the same question, first A then B and C
2. A session is dedicated to one question and lasts 30 minutes
3. Table moderators invite 5-10 guests to their table
4. The table moderator presents the question
5. « Guests » are invited to introduce themselves and make a key statement
6. Discussion
7. Structuring and visualization of results
8. All names are noted on the paper
9. Paper is collected and pinned on the gallery
- 10.« old guests » are farewelled and asked to mix and continue the discussion on the next question at a different table
